welcome

Hello and welcome! We are thrilled that you have taken the time to look at our work, and that you are considering booking us for your wedding. We can't wait to get to know you and learn more about your big day. For now, though, we want to start out by sharing a little about us and what it means to be a Have Heart Photography couple. Take a look at this welcome guide, and we would love to hear from you!

about us

We are Ashley and Jason, and we've been wedding photographers for six years. Rather than a long and boring bio, we wanted to share a few 'fun facts' about us so that you can get to know us a little more.

- We met 13 years ago at a local bar (How romantic!) We have been together ever since.*
- We tied the knot July 14th, 2011 in the Dominican Republic*
- We became parents in 2015 and again in 2018. We feel so incredibly lucky to raise our little boy and girl*
- We love good food and trying new restaurants*
- We love traveling and seeing the world together (destination wedding? We're in!)*
- We love what we do and feel so honoured when couples choose us to capture their special day.*

choosing a photographer

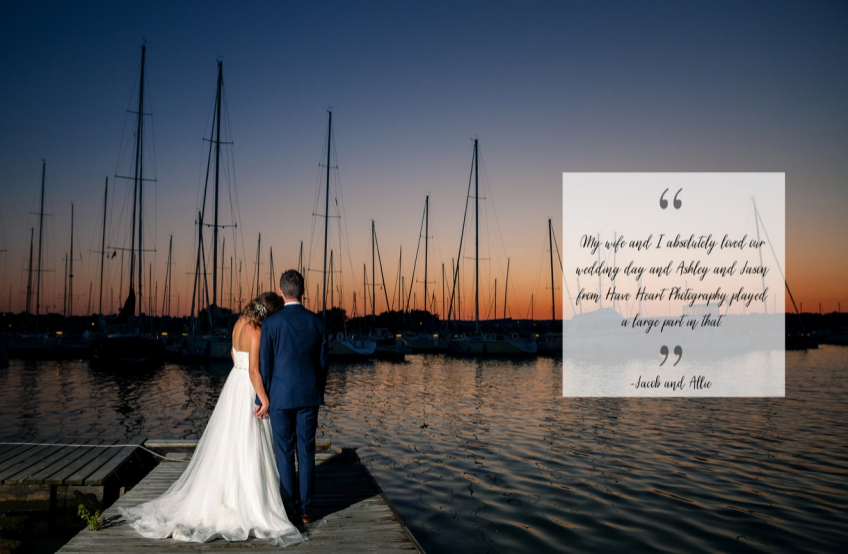

Your wedding day is one of the most important days of your life. We believe that you should choose a photographer that you feel a deep connection with, and whose style of images truly resonates with you.

If you choose to work with us, we promise that not only will you love your images - but you will also have an enjoyable and relaxed experience throughout your entire wedding day.

Over the past six years, we have been fortunate to have worked with so many amazing couples! When trying to find the perfect photographer for your wedding, there is nothing better than client testimonials describing their experience they had while working with us.

We work tirelessly for our clients to provide an excellent client experience. The testimonials found throughout this welcome guide are only short excerpts from a small sampling of our client reviews. To read the entire full reviews from some of our couples, please visit our website.

My wife and I absolutely loved our wedding day and Ashley and Jason from Have Heart Photography played a large part in that.

HOW WE ARE *different*

We care about giving you an amazingly positive & stress-free experience while working with us.

We care about documenting your day in a very authentic, candid & creative manner that will tell your story for decades to come.

Being in business since 2012 and having photographed over 100 weddings, we've seen it all. This experience gives us the confidence to know that we will capture your day beautifully for you.

Plus, we are always available at any time for questions or concerns, giving our clients peace of mind that their photographs are our #1 priority.

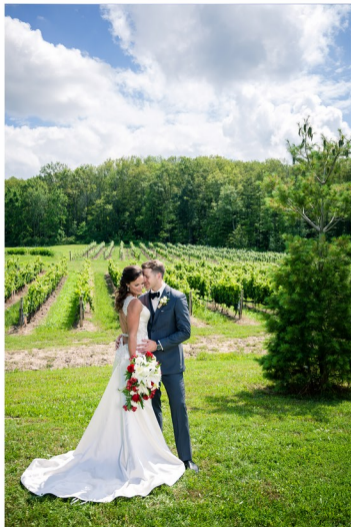

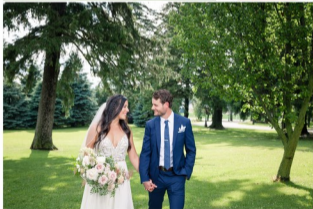

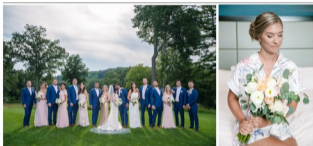

our style

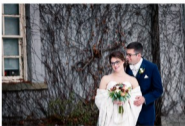

We are incredibly passionate about wedding photography, and our goal is to capture images that you will treasure for years to come.

Through our dynamic photo storytelling, we showcase the bride and groom for who they truly are, and the true and honest moments of their wedding day. We capture a combination of both posed portraits and candid, photojournalistic style images throughout your day. Our clients feel the emotion within their photos, whether through laughter or tears, as they recount the variety of special moments captured during the day.

Our style can be described as vibrant, sharp and timeless. We love using both natural light and when needed off camera lighting to create the perfect images.

destinations

We absolutely love to travel! If you are interested in booking us for your destination wedding or elopement, please get in touch for our detailed destination pricing. Whether you're planning a tropical getaway with your toes in the sand, or an elegant elopement in Paris - we are always ready for an adventure. Minimal travel fees will be added to all destination wedding packages. We would love to talk with you about details and create a custom all-inclusive destination photography package for you!

albums

When you receive all of your wedding photos from us, they will no doubt look amazing online. However, your images are not meant to stay on your computer! Looking through hundreds of images on the computer can get a little overwhelming, and we believe that you should have something tangible to remind you of your important day. We think wedding albums are the perfect piece of art that will become an heirloom that your family will treasure for years to come. That's why our packages come with an album credit; our hope is that all of our couples will have their own custom album showcasing the best images from their wedding day.

A romantic photograph of a couple embracing in a stone archway. The woman is wearing a light pink, off-the-shoulder, ruffled dress, and the man is wearing a dark blue suit jacket over a white shirt. They are standing in front of a large, rustic stone building with several arched openings. The scene is set outdoors with natural light.

engagement sessions

You may have noticed that most of our wedding packages include an engagement session. This is because we simply love working with our couples before the big day. Having an engagement session before the wedding will help you get to know us and our relaxed style of posing and shooting. We also love to get to know you two as a couple and interact a little before the excitement of your wedding day. Once you book us as your wedding photographers, we will send you more information about how to prepare for your engagement session with us.

"They are the kindest, most personable and professional people to work with. We absolutely love our engagement and wedding photos and are so happy we chose to not only spend the day with Ashley and Jason"

consultation

Think we're the perfect photographers for you, but have a few more questions that you'd like to ask us about? No problem; we would love to meet with you to discuss your wedding! We often schedule consultations with our couples to chat with them about their big day. This is also a great way to connect and see if we'll be a good fit! Whether it's a phone call, Skype video meeting, or meeting in person over a coffee – we want to talk with you right away, so let's get in touch!

WHAT TO *expect*

When you decide to book us for your wedding photography, here's what you can expect from us:

1. You will be taken care. Throughout the entire experience, we will help guide you and ensure that you receive the highest level of customer service possible.

2. You will love your images. We are proud of the work that we produce, and we would love to have the opportunity to capture gorgeous images of your wedding day.

A wedding couple is shown in a romantic embrace outdoors. The bride is wearing a white lace dress and holding a bouquet of purple and white flowers. The groom is wearing a light blue suit and is kissing the bride on the cheek. They are standing in front of a wooden fence, with a lake and a dense forest of green trees in the background. The sun is setting behind the trees, creating a warm, golden glow and a lens flare effect in the upper left corner.

“

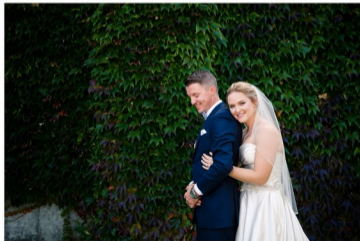

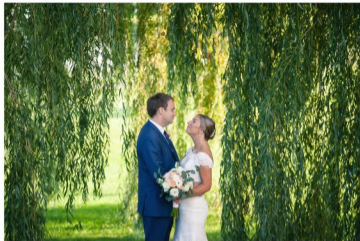

Jason and Ashley were truly the dream team of wedding photographers. We were so lucky to have them photograph our special day.

HOW MANY hours?

Every wedding is different, however, we've found that for most weddings 8 hours is the perfect amount of time that will allow enough opportunity to capture the starting points of the day through the last reception event. We want to ensure that we can accurately tell your story, from start to finish. Together we will go over your specific wedding details to ensure that you end up with the perfect package for your specific needs. For example, if your wedding has a long ceremony at a different location than the reception, a 9 or 10 hour package may be needed. Once you book with us, we will also discuss more details regarding your specific wedding day timeline.

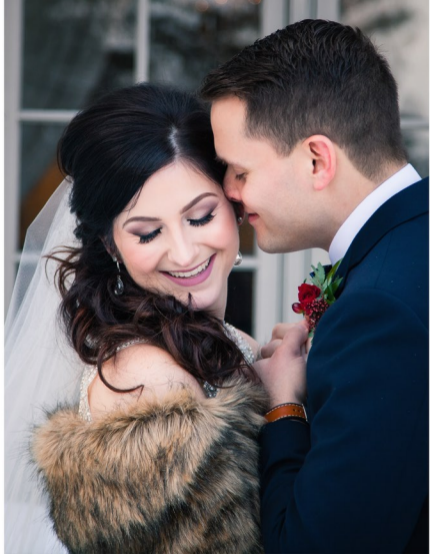

Mackenzie & Tom

"It's been a year since our wedding and we love going through the photos! We have gotten so many compliments on our wedding photos. Ashley and Jason really captured the day. They were so amazing to work with. I cannot say enough good things about them, they are both so talented and such genuine and lovely people. I would highly recommend them!"

HOW TO *book*

A signed contract & 20% retainer is required to reserve your wedding date on our calendar. Please keep in mind that we do limit the number of weddings we take on each year and often book up 9-12 months in advance, so please get in touch as soon as possible to ensure that we have your date available.

next steps

Ready to book? Perfect! Let us know and we will send over our contract and invoice for your retainer. Once your contract is signed and the retainer has been received, then you will officially be on our calendar!

We look forward to talking with you. If you have any questions, please don't hesitate to contact us. Get in touch with us here:
